

English: Reading and Writing.

Key texts: George's Marvellous Medicine.

Additional texts: -

Writing a Character Description.

The children will learn how to write a character description by exploring key characters in the text, such as George and Grandma. They will learn about using prepositions and 'because' to add detail about the character, and how to make their writing cohesive through state, sustain, sustain.

Writing a Recount Diary Entry.

The children will learn how to write a diary entry based on Grandma drinking George's medicine. They will look at time adverbials, using 'before' as a conjunction and a variety of adjectives to describe the order of events.

Grammar.

The children will learn about prepositions to show the location of a feature. As well as time adverbs after a main clause to recount the order of events.

Word reading/ Comprehension.

The children will focus on retrieval of information from the text to order events and simple recall questions. They will also inference skills to understand character's feelings.

Geography

Focus: UK Study.

The children will understand beyond their local area to include the United Kingdom. They will be able to name and locate counties and cities of the UK, geographical regions and their identifying human and physical characteristics.

They will develop their map, atlases, globes and digital map reading skills to locate countries, counties and key features studied.

Working geographically:

The children use compasses and work on their map reading skills. Alongside using simple grid references to plan routes and describe locations. We will also collect, measure, and record simple data about the local environment.

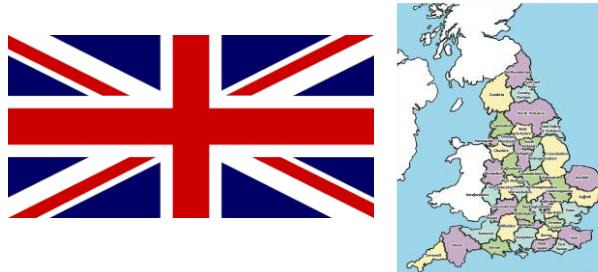

Physical Education

In PE this term the children are working on their skills in hockey. As well as outdoor and adventurous activities (OAA) and developing their team building activities.

Hazel – Autumn 1.

Geography theme

UK Study

PSHE

Focus: Keeping and staying safe.

The children will understand how to keep themselves safe, to recognise household dangers and warning signs. Discussions of safety boundaries, the consequences of risky behaviour and effectively contacting emergency services.

Computing

Focus: Computing Systems and Networks.

The children will develop their understanding of digital devices, with a focus on input, output and processes. They will also be introduced to computer networks and the benefits of connecting devices in a network.

Music

Focus: Exploring Rhythmic Patterns.

This term the children will focus on learning to find the beat and the rhythm and building up towards making music.

Spanish

Focus: Phonics.

We are learning the alphabet and sounds and getting, just getting to understanding the Spanish.

Maths

Key Instant Recall Facts:

4 times table and related division facts.

Place Value: The children will begin by recapping how to represent and partition numbers up to 100. They will then develop their understanding of 3-digit numbers and learning how to partition them in different ways. They will also learn how to order 2- and 3-digit numbers on a number line.

Addition and Subtraction: The children will learn how to add and subtract using a range of methods, including finding the parts and using a number line. They will build on their number bonds knowledge and apply it to addition and subtraction.

Science.

Focus: Chemistry, Rocks.

The children will compare and group together different kinds of rocks on the basis of their appearance and simple physical properties. They will also describe how fossils are formed when once living things are trapped within a rock. Lastly, they will recognise that soils are made from rocks and organic matter.

Working scientifically.

The children will work scientifically through making systematic and careful observations of different rocks and recording their found data in a simple table.

Religious Education

Focus: Creation and the Fall.

Children will look at the question: What do Christians learn from the Creation Story? They will learn to place the concepts of God, Creation and the Fall on a timeline. They will begin to understand the links between Genesis 1 and Christian beliefs about God and Creation. They will further think about how the story of Adam and Eve might show about human nature, and why Christians might pray for forgiveness.

Arts

Focus: Drawing.

Here the children will focus on identifying specific shapes in objects and shading with reasonable degrees of accuracy. They will further use shapes to sketch their work before mark making to show texture and add detail. They will also look at digital art and creating a design inspired by the sun.
